warn

Attention:

Do not allow children to climb out of the guardrail or stand on the seat. When the angle between the backrest and the seat surface is less than 150 degrees, the child stroller is not suitable for children under 6 months old.

Warning:

Cotton pads with a thickness exceeding 20mm should not be added to the sleeping bag. Placing any load on the handlebars will affect the stability of the vehicle. To avoid suffocation, keep plastic covers away from children. Prohibit the use of any accessories not provided by the manufacturer. When children ride in the sleeping basket, the armrest should not be used as a handle

Do not approach the fire!

Maintenance knowledge

To ensure that your baby is not accidentally injured, please regularly inspect and maintain this car. The cloth cover cannot be soaked. When cleaning the cloth cover, please directly use a brush or other cleaning tools to clean the stains.

For cleaning other components, please use household soap or neutral detergent.

Regularly check for loose screws, damaged parts, or broken stitches. If necessary, replace damaged components.

When disassembling, please carefully follow the user manual to avoid unnecessary damage.
